# WELCOME

## **This year we celebrate the 20th Summartónar festival.**

Felagið Føroysk Tónaskýld (Association of Faroese Composers) organizes the annual Summartónar festival in concert halls all over the Faroe Islands. With its focus on composition, the Summartónar festival is a continuous, vital dynamo in the development of Faroese music.

The 2011 festival programme reflects its role as a platform for new works by Faroese composers, many of them first performances. In the past few years, Summartónar has also presented improvised music, as well as contemporary folk music and a few rock concerts.

Summartónar is international: as well as works by Faroese composers, this year's festival features artists from Canada, New Zealand, USA, Belgium, Ireland, France, Turkey, Sweden, Norway, Denmark and Iceland performing international programmes.
